THE STATE OF NEW HAMPSHIRE**

**THE POLLS WILL BE OPEN
FROM 10:00 A.M. to 6:00 P.M.**

To the Inhabitants of the Town of Tuftonboro in the County of Carroll in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at the Tuftonboro Town House in said Tuftonboro on Tuesday, the 8th day of March, next at 10:00 o'clock in the forenoon to act upon the following subjects:

It is anticipated that the meeting will proceed at that time with Article 1; with the remaining articles adjourned until 8:00 P.M. of that day at the Tuftonboro School.

1. To choose all necessary Town Officers for the year ensuing.

2. To see if the Town will vote to approve of having 2 sessions for the annual town meeting in this town, the first session for choice of town officers elected by an official ballot and other action required to be inserted on said official ballot and the second session, on a date set by the selectmen, for transaction of other business.

3. To see if the Town will vote to authorize the Treasurer, with the approval of the Selectmen, to appoint a Deputy Treasurer with the compensation of such Deputy Treasurer established by the Selectmen until the next Town Meeting following approval.

4. To see if the Town will vote to authorize the Tax Collector, with the approval of the Selectmen, to appoint a Deputy Tax Collector with the compensation of such Deputy Tax Collector established by the Selectmen until the next Town Meeting following approval.

5. To see if the Town will vote to go on record in support of immediate action by the Federal Government to control and reduce acid rain which is harmful to the environment and economy of Tuftonboro and to the health and welfare of the people of Tuftonboro.

These actions shall include:

1. Reduce by at least half the major cause of acid rain, sulfur dioxide emissions, by the year 1990.
2. Conclude negotiations and adopt a treaty with the government of Canada that will commit both nations to this same goal.

The record of the vote on this article shall be transmitted to the New Hampshire Congressional Delegation and to the President of the United States. This article was submitted by Petition.

6. To see if the Town will vote to rescind the action taken at Town Meeting of March 8, 1982 authorizing the Selectman to sell to PAK 2000 a portion of a parcel of land including five acres more or less, belonging to the Town located in the Mirror Lake section of Tuftonboro, to north of, and abutting, property held by PAK 2000.

7. To see if the Town will vote to authorize the Selectmen to sell a landlocked portion of a parcel of land including five acres more or less, abutting property of PAK 2000 and/or Beatrice R. & Roy L. Johnson at public auction or by advertised sealed bids, authorizing the Selectmen to determine the minimum amount for which the property will be sold and the terms and conditions of the sale. The proceeds of sale are to be deposited in a special account and to be expended only by vote of the Town upon recommendation by the Selectmen and Budget Committee.

8. To see if the Town will vote to have the Appraisal Division of the Department of Revenue Administration or a private firm conduct a complete revaluation of all taxable properties in the Town starting in 1983 or thereafter, and to establish a Capital Reserve Fund of Twenty-five Thousand Dollars (\$25,000.00) representing a portion of the cost of conducting such revaluation and to appoint the Selectmen as agents to administer the fund. This was not recommended by a majority of the Budget Committee.

9A. To see if the Town will vote to defer the publication of a complete listing of taxpayers' names and assessed valuations until a revaluation of all taxable property in the Town has been completed.

9B. If Part A of this article is not approved, to see if the Town will vote to raise and appropriate the sum of Three Thousand Dollars (\$3,000.00) for the publication in 1983 of a complete listing of taxpayers' names and assessed valuations.

10. To see if the Town will vote to raise and appropriate the sum of Three Thousand Five Hundred Dollars (\$3,500.00) as recommended by the Budget Committee for data processing services and to authorize the Selectmen to enter into a contract with a Data Processing firm or with the Department of Centralized Data Processing for the maintenance of fiscal or other records. Such contract shall include but not be limited to the provisions of RSA 8-C:11.

To see if the Town will vote to raise and appropriate the sum of Twenty Thousand Dollars (\$20,000.00) for interest charges, as recommended by the Budget Committee, and authorize the Selectmen to borrow money in anticipation of collection of taxes for the current year and issue notes therefore. Said notes to be repaid from taxes.

15. To see if the Town will raise and appropriate such sums of money as may be necessary to defray town charges for the ensuing year and make appropriation of the same, the sum of Three Hundred Sixty-five Thousand Five Hundred Eighty and no/100 Dollars (\$365,580.00) as recommended by the Budget Committee, plus additional sums as may be required to cover the costs of additional items voted at the meeting and in accordance with RSA 32:8.

The Zoning Board of Adjustment (ZBA), prior to reaching a decision under this section, shall where practical, view the site of the proposed use. This viewing shall be a joint viewing by at least three members of the ZBA, and the applicant or his designated representative. The ZBA shall make a reasonable effort to notify abutters and others known to be directly interested in viewing.

1. The ZBA prior to granting an application for a special exception shall bear in mind the following conditions:

a) The specific site is an appropriate location for the proposed use.

- b) No factual evidence is presented that property values of adjacent or nearby properties will be adversely affected by the proposed use.
 - c) The proposal shall not create any undue nuisance or unreasonable hazard. This shall include, but not be limited to, vehicular or pedestrian traffic considerations.
 - d) The proposed use shall have been reviewed and given preliminary approval, subject to the ZBA's review, by the Planning Board.
 - e) Approval of the proposed use shall not be unreasonably withheld, provided that the spirit of the provisions of this section has been met.
 - f) Setbacks from roadways, property lines, streams or other potentially sensitive areas shall be dealt with individually by the ZBA. In no case shall these setbacks be less than those normally required in the zone involved without the prior granting of a variance.
2. Uses permitted by Special exception and their appurtenant conditions:

a) Hotels, Motels and Restaurants in Zones 1 & 2:

- (1) The septic system shall be designed by, and the plans and specifications bear the seal of, a New Hampshire Registered Engineer. The septic system shall be approved by the N.H.W.S. and P.C.C. without the granting of waivers.

(2) Shall through screening and by the nature of the particular business blend harmoniously with the neighborhood.

d) Commercial Gravel or other Excavation or Mining.

(1) The provisions of R.S.A. 155-E shall be followed.

3. Planning Board review of proposed Special Exceptions

- a. The Planning Board shall review all applications for Special Exceptions prior to the review of the ZBA. The Planning Board shall complete its review within 35 days of its receipt of a completed application,

which receipt shall occur at a regular Planning Board Meeting. The Planning Board shall examine the application for conformance with the Town Plan, bearing in mind that a proposed use which directly conflicts with said plan is of more import than an omission of the proposed use in said plan. The Planning Board shall supply the ZBA with a written summary of its review of the application noting the preceding points, whether the proposed use conflicts with the ordinance, and any other matters the Planning Board feels are pertinent for the ZBA review.

REPORT OF TOWN FOREST FIRE WARDENS AND STATE FOREST RANGER

Forest fire prevention, our business, your business, good business! This slogan has been the motto of the N.H. Division of Forests and Lands, Forest Fire Service since 1909 when the first forest fire laws were passed by the Legislature.

These laws set in place a cooperative forest fire protection program of State and local forest fire personnel that has, in the past 75 years, established New Hampshire as a leader in forest fire prevention and control. Our annual acreage loss to forest fires of one-half acre per fire is the best in the nation. This fire record has come about through the cooperative efforts of our state/town forest fire protection program. The state provides detection of fires, training for local forest fire wardens, low cost forest fire suppression equipment to local fire departments, and technical advice at the fire ground. Local governments provide the volunteer fire fighters who are appointed as wardens and deputy wardens and who respond quickly to suppress reported forest fires.

This program has resulted in a steady decline in annual acres lost to forest fires since 1910 when the average fire burned 33 acres compared to the modern day loss of one-half acre per fire.

Only by the continued cooperation of the State/towns and our entire citizenry can this record be maintained.

Forest Fire Warden

TUFTONBORO FIRE DEPARTMENT

In 1982 the fire department responded to approximately 35 calls with the majority being woodstove related, indicating Townspeople burning wood must improve installations and maintenance of their stoves and chimneys.

In June of 1982, we took delivery of the new mini pumper for the Mirror Lake station. This was the replacement for the previous one destroyed by fire and vandalism. A special thanks goes to the Tuftonboro Association for their part in the fund raising for this piece of equipment.

In July of 1982, the First Responder Team was initiated. This team consists of eight members of the fire department who have undergone up to 60 hours of classroom study and practical experience in techniques of quick response medical aid and rescue. They are properly equipped with the help of donations and fire department operating expense. They have responded to all fire calls and eleven medical aid calls from July thru December 1982.

As the snow leaves the ground and woodlands the Town Forest Fire Warden will be the Chief of the Tuftonboro Fire Department, all forest fire duties will come under T.F.D. jurisdiction.

The Tuftonboro Fire Department is growing as the Town grows, meeting more and larger needs.

We have an excellent team of officers and men who work well together and are dedicated to the safety and well-being of the Town and all the people who pass thru, play and live here.

JUVENILE PROGRAM

Jan. 18, 1982

Tuftonboro Central School Students participated in a Cold Weather Safety Program which featured keeping off thin ice, wearing proper clothes in winter and getting emergency help for ice rescue.

The Telezonia Program, borrowed from New England Telephone Company in December 1981, was kept in continued use. This program's importance lies in the fact that it teaches children how to use the telephone in emergencies such as fire or accidents in the home and elsewhere.

Feb. 4, 1982

A Snow Machine Law and Safety Program was presented. Because many of our children have access to snow machines, they need to become fully aware of their responsibilities when riding. Lieutenant Dave Hewitt of Fish & Game was the guest speaker.

March & April, 1982

In order for the children to become acquainted with the state's legal processes, they studied court procedures in the classroom. Afterwards, they were taken on tours of the Carroll County Sheriff's Department and the Superior Court in Ossipee. The duty judge talked to the children about the proceedings and had each court official relate his duties.

May 7, 1982

Patch the Pony, a program discussing "Stranger Danger" was presented to the kindergarten and first grade students. Tuftonboro Cooperative Nursery School students also were invited to view the program.

May 21, 1982

The Third Annual Bicycle Rodeo involved participation of all children in grades K through 6th. The object of this program is to stress riding skills and safety. All bicycles were registered and inspected. Grades 4, 5 and 6, accompanied by their parents, went on cross-country rides. The length and route of each grade's ride were designed for the particular age group. Grades 2 and 3 practiced their riding skills on mini roadways set up on the school grounds. Grade K and 1 students had their practice sessions in the school gym.

Oct. 15, 1982

Again this year, as last, Halloween Safety was the subject of discussions with the students at both the Central School and the Cooperative Nursery School. Hot Dots were handed out to be put on jackets and costumes so that the children would be more readily visible on the roads after dark.

Nov. 9, 1982

The 4th and 5th grade children were taken for a tour of the New Hampshire Highway Safety Department. This gave the children an idea of highway safety rules, how records on individuals were kept and the nationwide radio communication's network operations.

Close relationship has been maintained with the State Police on items that might concern our children.

ADULT PROGRAMS

Several talks on Crime Prevention and Safety were given to adult groups.

May 18, 1982

An Alcohol and Drug Program was given in the school gym to the parents of Grade 6 students. The purpose of the meeting was to acquaint the parents with the alcohol and drug program which was to be given in classroom sessions to their children. Don Nuiry of Mental Health was the guest speaker.

PROGRAMS IN PLANNING STAGES

Additional preparatory work was undertaken on both the proposed Court Diversion and Crisis Home Programs.

Training

Police certification was received this year. Membership was maintained in the New Hampshire Safety Council and the New Hampshire Youth Workers Coalition. Training Seminars were attended.

1982 CONSERVATION COMMISSION REPORT

During the past year the Conservation Commission added two new members, Thomas Hadley and Brian Hastings, whose expertise in the fields of forestry and wildlife, respectively, well qualify them for their positions.

The Commission had a very busy year checking out Dredge & Fill Permit Applications, as a total of nineteen applications were received. Most of these required site investigation, and in many cases, recommendations were made to the state Wetlands Board. Subsequent monitoring of approved projects was often necessary. One public informational hearing was held in regards to two of these applications, and public input helped to shape the Commission's recommendations to the Wetlands Board. One violation of the Wetlands Board Rules & Regulations was reported and investigated, and the landowner was informed of the proper procedures to follow in the future. Two informal site investigations were also made at the request of landowners seeking recommendations regarding wetlands. In October, the Commission hosted a regional meeting of town Conservation Commissions with representatives from the New Hampshire Association of Conservation Commissions and the Wetlands Board to review the dredge & fill application process and investigatory procedures. Conservation Commission representatives were present from Moultonboro, Tamworth and Wolfeboro.

Other projects included Ralph Kirshner taking on the task of making twenty pairs of snowshoes for the Tuftonboro Central School. This is to enable students to use the nature trails on the Davis lot for winter studies. Some preliminary work on starting a wetlands inventory was begun, and subscriptions to several children's environmentally oriented magazines were supplied to the Tuftonboro Library.

ROAD AGENT'S REPORT

In 1982 we retarred the roads in Melvin Village (High Street, County Road & New Road). We widened and graded the Ken Dow road. Sodom and Ledge Hill Roads were improved. The "thank you marm" was eliminated from Sodom Road near Hodgdon's much to the disappointment of many. The section at the lake end of Union Wharf Road which was re-surfaced and graded in 1981 was re-smoothed and tarred in 1982. We also did repairing and replacement of culverts and ditches in different areas of town. The winter of 1981 and 1982 was a particularly difficult one for equipment, man power and cost to the town. Winter maintenance was considerably over budget. Hopefully 1982 and 1983 will be easier for all.

REPORT OF THE TRUSTEES OF TRUST FUNDS

1. During 1982 the trustees have taken advantage of the temporary high money markets funds which, earnings-wise, peaked early to mid-1982, but have tumbled with the reduction in prime rate during the fall months. However, we were able to increase the earnings for the Cemetery Funds by 13.7%, which will enable us to underwrite improvements in various Town Cemeteries during the year 1983.
2. The Shepherd Scholarship Fund of \$20,000.00 specifies that the annual earnings be awarded to deserving students in the Town who plan to further their education beyond high school. This year, six students benefited and payments were sent to the Bursers of the institutions of their choice to be credited to either tuition or other direct college expenses. Payments are made semiannually and the entire interest earned on the Shepherd Certificates of Deposit is paid.
3. The Tomb Fund for the benefit of the Tufonboro Library is a "matching fund" with equal amounts of money appropriated by the Town, for the purchase of additional books, periodicals, etc. Payments to the Library Trustees are made quarterly.

Improvements planned for 1983 include water supply pipes being run from the Town House, under Rt. 109A to the Town House Cemetery, water from the Town House being used. We plan to have four outlets conveniently located with faucets which automatically shut off when not in use.

Also in the planning stage are improvements to various cemeteries of resetting grave markers and improving stone walls.

The Trustees would like to thank Brad and Cy Hunter for doing an outstanding job of mowing and trimming cemetery properties, as well as Roy Johnson for his help in closing the Trustees' books for the annual NH State reports and the Town audit.

1982 TUFTONBORO PARK & RECREATION REPORT

Louis Dearborn and Blair Rudolph have been putting in a lot of hours trying to keep the ice skating rink by the library in good working order. Last winter they were hampered by snow. This season has seen a lot of warm weather making it difficult for them to get a good layer of ice laid down.

Again this year, on Easter weekend there was an Easter Egg Hunt at the town ballfield. This was for all Tuftonboro children ages pre-school to 6th grade. The rabbit costume and cans of Coke were donated by Dick Holland of the Country Village Motel. The Easter Bunny brought a large basket of jelly beans for all of the children and several stuffed animals for the winners of the egg hunt. We had a beautiful day and a good time was had by all.

Swimming lessons were given by Karen Condon at the Melvin Beach. There was a large turn out of would-be swimmers. Red Cross certificates were given out to those who passed their tests.

On September 4, the Park and Recreation department along with the Tuftonboro Association sponsored a Field Day and chicken barbecue to raise money for an exercise challenge course to be constructed on town property. This was very successful and we are now in the planning stages for the layout and construction of the exercise trail.

Gerald Gunrud is the newest member of the Park and Recreation Commission. He started with us this summer helping with the buoys and picnic tables at 19 Mile Bay. There will be an opening available on the Commission for anyone interested in joining us. If you would like to be a member, please contact the Selectmen.

Thank you to all volunteers who have helped make this year a happy and productive one.

HEALTH OFFICERS REPORT

I became the Health Officer for Tuftonboro in May. Due to the variety of health issues involved. I relied on the "Manual for Health Officers" provided by the State of New Hampshire to help me in my decision making process.

The Nursery School has had their license renewed for another two years. Approval has been given for construction of an Outhouse on one of the town's islands. Checks on sewerage and septic system, animal sanitation and disease control have been some of my activities since the spring.

Looking forward to a second year serving Tuftonboro as your Health Officer.
